

# Instructions for Quarantine Subjects [For foreigners]

<April 1, 2020>

1. You should **go into quarantine for 14 days following entry** to prevent infection with COVID-19 in accordance with **the Quarantine Act and the Infectious Disease Control and Prevention Act**.
2. **Foreign nationals for short-term stay** should **go into isolation at a facility** designated by the Korean government **at their own expense** and **foreigners who are long-term** should **go into self-quarantine** in their homes. Note that **those exempted from quarantine** among short-term foreigners should **undergo the diagnostic tests** and be under active surveillance in which **designated public officials check on their health conditions for 14 days**.  
\*Exempted from isolation: Entrants acquiring pre-approved waiver through the Ministry of Foreign Affairs  
- Those holding A1 (Diplomat), A2 (Government official), or A3 (Agreement) visa or acquiring "self-quarantine exemption document" in advance of entry issued by the Korean Embassy
3. You must **wear a facemask all the time** and **minimize contact or conversation with others** right after arriving at airport.
4. **The diagnostic tests** will be conducted **on symptomatic arrivals identified** at the quarantine stage and **foreigners arriving from Europe, including even asymptomatic ones**. The following measures will be taken according to the test results.
5. **Asymptomatic entrants from all parts of the world except for Europe** should **undergo the diagnostic tests** when **any symptom appears** while being quarantined in homes or facilities.
6. When heading to home from airport, **using your private car is recommended**. If it is not available, you should use **specially designated airport limousine bus or KTX (designated cars)**. You should directly go home and **dropping by other places is not allowed**. **Right after arriving home**, quarantine subjects should dial to **local health centers** and inform them **you are under quarantine**.
7. **Those under facility isolation** should move to the **designated quarantine facilities by specially designated cars**.
8. **Self-quarantine subjects** are mandated to install the **"self-quarantine safety protection app"** developed by the Ministry of the Interior and Safety, and follow self-diagnosis and self-quarantine rules for **14 days**.
